## Republicans Win 12 Senate, 54 House Seats, Tuesday

### G.O.P. Majority In State Over Half Million

Victory At Tuesday's Election Greatest For Republicans In Twenty Years

**MARTIN CARRIES  
65 OF 67 COUNTIES**

By JOHN PAGET  
(U.S. Staff Correspondent)  
PHILADELPHIA, Pa., Nov. 6.—Pennsylvania Republican candidates today held the largest majorities recorded in statewide elections in 20 years.

When pluralities skyrocketed past the half-million mark, it signaled the first time the GOP approached the 737,543 votes counted in the gubernatorial contest between the late John S. Fisher, Republican, and his Democratic opponent, Eugene C. Bormann.

Martin Carries  
U. S. Senator-elect Edward Martin, outgoing governor, paced the GOP slate to victory in all 67 counties except Greene and Northampton, which withstood the Republican landslide and turned in majorities for incumbent Joseph F. Guffey.

The GOP even carried Northampton county, home of ex-highways secretary John U. Shriver who waged a bitter and costly campaign prior to the balloting on behalf of John S. Rice, Democratic gubernatorial nominee.

Rice made a poor showing against Republican James H. Duff throughout the ballot count.  
Ousted in the landslide was U. S. Sen. Joseph F. Guffey, of Pittsburgh, veteran news dealer, who campaigned on a pledge to fight for the policies of the late President Roosevelt.

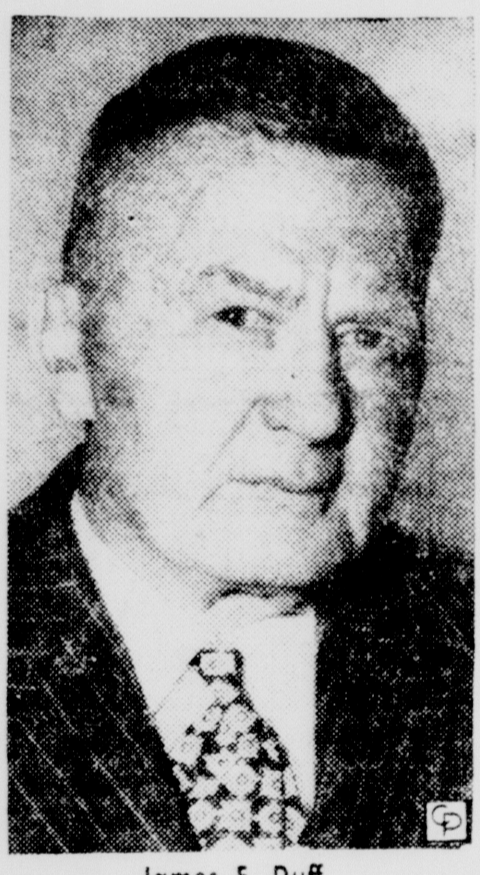

Martin Has 580,645 Margin  
Senator-elect Edward Martin, of Washington, swept to victory on a crest of a 580,645-vote margin and carried with him more than enough GOP candidates to control the state legislature and the 33-member congressional delegation.

### Daylight Time Loses By 12,811 To 6,777 Vote

Lawrence county citizens do not want Daylight Saving time on the basis of the unofficial returns in the election of Tuesday, November 5. The vote on the referendum was 12,811 No, and 6,777 Yes.

The referendum has no warrant in law, attorneys say, and will have no legal effect upon the municipal authorities of the county but at least it was an expression of the voters. The total vote on the referendum was nearly 9000 less than that cast for the candidates for various offices, showing that many did not vote on the issue.

It was expected that the majority

opposed to Daylight Saving time would be four or five to one. The forces opposed to Daylight Saving had spent considerable time upon a petition which they presented to the county commissioners and time and money was spent in the campaign by the opponents.

### Brice Winner; McCullough Is Also Elected

Republican Candidates For State Legislature Are Named By Voters Tuesday

For the third consecutive time James C. Brice, Republican, was elected to the General Assembly from the first district of Lawrence County. (New Castle) on Tuesday November 5, when he defeated his Democratic opponent Arsen Armond by a vote of 326 to 512.

Mr. Brice's election was conceded by political posters for the past several weeks but his majority was not expected to be as large as it was. The bulk of his strength was in the second ward where he piled up tremendous majorities.

For Mr. Armond it was the first

### Legislative Results In Nearby Counties

Winning legislative seats in nearby counties were the following:  
Butler county—Thomas H. Greer, Jr., R; Butler incumbent; and Harry A. Moore (R) Butler, R. D. 1.

Crawford county—Robert F. Kent (R) Meadville.

Mercer county—Jeanette M. Dye (R) Sandy Lake, incumbent; Edward M. Young (R) Grove City.

Beaver county—Gerald R. Goff (R) Beaver Falls; Richard H. West (R) Beaver; and George H. Kelley (R) Ambridge.

### Republicans In California Win

SAN FRANCISCO, Nov. 6.—(INS)—U. S. Senator William F. Knowland (R) and at least 12 Republican congressmen, possibly 14, were swept into office in California today.

Knowland brushed aside his Democratic opponent Will Rogers, Jr., by a majority which may reach 100 thousand votes.

The GOP victory provided a resounding defeat for James Roosevelt, son of the late president and head of the state's Democratic party, and the CIO's PAC which solidly backed the full Democratic slate.

The latest recapitulation in the congressional contests showed the Republicans had won 12 and were leading in two others out of the state's 23 districts. Maintenance of this trend would give the Republicans a net gain of seven lower house seats over the present ratio of seven Republicans and 16 Democrats.

### Democrats Retain Only Five Congress Seats In State

PITTSBURGH, Nov. 6.—(INS)—A triumph for Pennsylvania GOP—the first since the days before Roosevelt—will ride into the House of Representatives when the 80th congress convenes in January 25 strong leaving the badly beaten Democrats with only five seats.

During the 79th congress Pennsylvania's delegation in the lower house was 19 Democrats and 14 Republicans.  
The Republicans gained nine seats in the congressional race during yesterday's sweeping landslide, picking up six in Philadelphia county, and one each in Lackawanna, Luzerne and Berks counties.

Allentown county, Democratic stronghold with a 90,000 registration majority, rejected its three Republican and two Democratic congressmen. In an amazing upset the county gave a substantial support to the Republicans.

However, the GOP's did not gain a congressman in Allegheny county but they elected former congressman John M. McDowell in a hard fight with Harry J. Davenport in the 29th district.

### Large Majority For Republicans In Lawrence Co.

Governor Martin Defeats Senator Guffey In County By 17,607 To 9,035 Vote

OTHER REPUBLICANS GIVEN HEAVY VOTE

Sweeping the county in the most impressive victory since 1932, the Republican candidates in Tuesday's election in Lawrence County were returned victors by a nearly two to one majority in most instances. The top of the Republican ticket carried 83 of the 99 county precincts, carried New Castle by a large majority, carried Ellwood City, and in most of the 16 precincts that went Democratic the majority was small.

The victory topped the most optimistic estimates of Republican leaders on Monday. Basing the total vote on 27,000 the most optimistic estimate was 5,000 Republican majority. The vote was just about 27,000 but the Republican majority in the case of United States Senator-elect Edward Martin was 5,512 over Senator Joseph F. Guffey, who trailed his ticket in this county. Senator-elect Martin received 17,607 votes and Senator Guffey 9,035.

Duff Easy Winner

Governor-elect James H. Duff had a majority nearly as large as Governor Martin. Mr. Duff polled 17,199 votes to 9,292 for his Democratic opponent John S. Rice. Governor Martin led his ticket for two apparent reasons, first his personal popularity in this county and second.

### Huge Republican Vote Is Recorded In Philadelphia

PHILADELPHIA, Nov. 6.—(INS)—The voters of Philadelphia exceeded the fondest dreams of Republican city headquarters today with a huge vote for GOP candidates.

The Quaker City voted Gov. Martin into the U. S. senate and supported his statewide ticket with a thumping majority of more than 116,000 ballots.

All Democratic congressional candidates, five of them seeking reelection, were smothered at the polls. Returns from all but one division showed these results:

For U. S. senate: Edward Martin, R, 441,412; Joseph F. Guffey, D, 325,151.

For governor: James H. Duff, R, 436,177; John S. Rice, D, 330,696.

For lieutenant governor: Daniel P. Strickler, R, 436,788; John H. Dent, D, 326,769.

For internal affairs: William S. Levergood, Jr., R, 431,705; Albert Seimund, D, 332,325.

RETURN BY DOG

Mattie Lee Lawson, age 10 of 213 Weaver street, was bitten by her pet, a dog yesterday morning. The dog was injured by an auto. Police were called. She pleaded to be allowed to take the dog home. She picked it up and must have touched an injured portion of the dog which snapped and bit her. The police dispatched the dog because it was injured badly, they reported.

Thus the Ohio delegation in the 80th Congress will be composed of 19 Republicans and four Democrats. Bricker's margin over Democratic Sen. James W. Huffman was expected to approach the 400,000.

### Leaders Hail GOP Victory In State

HARRISBURG, Nov. 6.—(INS)—Republican leaders today hailed the GOP's smashing triumph in Pennsylvania's general election.

Gov. Edward Martin, overwhelmingly elected U. S. senator in the Republican landslide, asserted that the GOP victory was "a triumph for the ideals and principals of Americanism and the American system of government."

Attorney General James H. Duff, of Carnegie, the Republican governor-elect, termed the GOP triumph "a great victory and a great responsibility."

### Graham Wins Decisively For Congress Seat

Unofficial Majority Of 16,230 Votes Reported In Three County District

In the most impressive victory he has ever polled since he first won the congressional seat from the 25th district eight years ago, Louis E. Graham, Republican of Beaver county, was returned to congress on Tuesday, November 5, with an unofficial majority of 16,230 over his Democratic opponent Samuel C. Neff of Ellwood City. Congressman Graham polled 33,866 votes as against Mr. Neff's 17,636.

Congressman Graham carried all of the three counties in the district, Lawrence, Beaver and Butler, the first time he had done this. In Lawrence county he polled 16,194 votes against 10,515 for Mr. Neff. In Butler county, always a Graham stronghold, he polled 16,201 votes against 7,584 for Mr. Neff. In his home county of Beaver, Congressman Graham polled 21,471 votes as against 19,367 for Mr. Neff.

### Home Owners Meet Tonight

Monthly Meeting Of Home And Property Owners Foundation Is Called

Members of the Lawrence county branch of the National Home and Property Owners Foundation will hear about the operations of the Home, Farm and Property Owners Association, an affiliate of the National Foundation, at their monthly meeting in the city council chambers, this evening at 8 o'clock when Dr. Joseph W. Seay, executive vice president of the Allegheny county chapter will address the group.

Membership in the local chapter is growing rapidly. President Bernard H. Hook stated today, and many new members are expected to be reported at tonight's meeting, which was postponed from last week because of a conflicting engagement in the city.

The organization is composed of home and property owners, who seek some modification of the ever growing tax burden which is being born by property owners, who hope that county legislative sessions will bring some redress. It is important, however, that a strong membership be attained in order to impress the legislators of the seriousness of the situation.

### Swiss Radio Sees Turn To Right In U.S. Elections

NEW YORK, Nov. 6.—(INS)—The Berne radio questioned today whether a change in the composition of the United States Senate and House of Representatives might presage an alteration in American foreign policy.

The Swiss radio, monitored by NBC, said the returns indicated a turn toward conservatism and the right and added that the results of the American elections are of premier importance to the entire world.

### Sweep Of Historic Proportions Is Recorded By Republican Candidates

PEOPLE'S RESPONSE. WE'VE 'HAD ENOUGH'

By WILLIAM K. HUTCHINSON  
(U.S. Staff Correspondent)

WASHINGTON, Nov. 6.

—A Republican victory of historic proportions won the 80th congress today, the house overwhelmingly and the senate by a decisive margin.

The American people, in their first postwar election, also gave the Republicans a majority of the 48 governorships.

The voters responded with a resounding "yes" to the GOP campaign slogan of "Had Enough!"

The Republican high command announced immediate plans for organizing the 80th Congress, which convenes January 3. G. O. P. leaders also were enthusiastic over their chances of capturing the Presidency in 1948.

### Election Results

WASHINGTON, Nov. 6.—(INS)—Here's the election outcome at a glance:  
Senate: 51 Republicans, 45 Democrats.

House: 224 Republicans, 190 Democrats, 1 Independent.  
Governors: 19 Republicans and 14 Democrats elected, making totals of 25 Republicans, 23 Democrats.

It may be that history will repeat itself. In 1918 the G. O. P. won both House and Senate from the Democrats in the middle of President Wilson's second term. Two years later, Republicans won the White House.

Win 12 Senate Seats  
The Republicans won 12 Senate seats yesterday, giving them a majority of at least 51 to 45 in the next Senate. Two Democratic seats are yet in some doubt.

The GOP also won 54 new seats in the House, while losing two Republican incumbents. This gives them a working majority of at least 33 votes in the next House.

The Republican Senate victories were scored in Massachusetts, New York, Ohio, Pennsylvania, Delaware, Missouri, Idaho, Montana, Utah, Nevada and Washington, where Democrats were beaten, and in Wisconsin, where a Progressive was ousted.

Democrats were leading in New Mexico and Maryland but by so close a margin the outcome may not be decided until the last precinct is tabulated.

New House Lineup  
At 11 a. m. EST, the new House lineup was: 244 Republicans, 190 Democrats, 1 Independent.

The outcome in six of these contests, however, was held by Democrats, was close.

Did you cast your vote for the winner, or did your candidate lose, did you win each place that you voted for, or haven't you heard the news? But however you voted on yesterday, that's over and finished and done, and the campaign cheers have subsided, we'll all of us had our fun. And the fellows who won have a tough job they'll need your help as they go, for the country is looking for leaders, for lads who we say have the know. So forget how you voted and root for the team, all the way, the election is over, forget it, it's just 63 today.

### PA NEW OBSERVES

Pa. New noted in his Tuesday travels the street sign at the intersection of South Croton avenue and East Washington street reads "East Washington" street.

With only a few days of the new auto inspection period passed, Pa. New notes quite a few motorists about the city sporting new inspection stickers indicating that they have avoided that last minute rush which always occurs at the close of an inspection period. The present period closes on April 30, 1947.

Pa. New has discovered that the parking meters in the downtown area are of some use to pedestrians as well as being used by motorists to measure their parking time. Almost every parking meter bears evidence as having been used as a place to strike matches. The meters are being used as good leaning posts too by downtown visitors with time on their hands.

A "pint sized" station wagon on the order of a jeep was the subject of quite a large group of downtowners on Tuesday afternoon. The good and bad points of the small vehicle were being discussed.

Farmers of the area have been taking advantage of the excellent weather of the past few days by getting out into the fields and husking their corn. In other years, this late in the season, the farmers have (Continued on Page Two)

## Allegheny Co. Joins Landslide Of Republicans

PITTSBURGH, Nov. 6.—(INS)—Allegheny county, the Democratic "Gibraltar" of Pennsylvania, today had been swept under by the Republican landslide.

Only an earthquake could overcome the rock—and a political earthquake struck Allegheny county with full force.

The county gave substantial majorities to the entire Republican slate ticket.

Governor Martin won easily over U. S. Sen. Guffey, a native Pittsburgher, in the senatorial race.

James H. Duff, endorsed for governor by a 2000 margin, and Daniel B. Strickler and William S. Livenood, also endorsed, carried the county executive positions in the Democratic citadel.

Although the Republicans gained no congressmen in Allegheny county, they elected former congressman John McDowell in a hard fight with Henry J. Davenport in the 29th district.

Veteran state senator and Allegheny county Democratic chairman Bernard B. McGinnis was unseated in a close fight in the 42nd district by Theodore H. Doellman. The GOP also re-elected James A. Goltz, 40th district, and John M. Walker, 44th district, losing only the 38th district to incumbent Elmer J. Holland.

The Republicans gained 10 and possibly 11 seats in the state house of representatives.

venture in the political arena. His vote was a handsome one but with the handicap of the Republican sweep and his lack of experience in election campaigning it was hardly to be expected that he would win.

**McCullough's Vote**

In the second district, comprising the county of Lawrence outside the City of New Castle, William H. McCullough of North Beaver township nearly doubled the vote of his Democratic opponent Clyde M. Buzard of Ellwood City. Mr. McCullough polled 12,811 votes as against 6,777 for Mr. Buzard. Mr. McCullough was strong in almost every precinct, and defeated Mr. Buzard in his bailiwick of Ellwood City. In his home township of North Beaver, Mr. McCullough received a flattering majority from his neighbors. He is the son of former County Commissioner Thomas J. McCullough, but this was his first venture into politics as a candidate.

## LEADERS HAIL G. O. P. VICTORY IN STATE

We must and shall meet that responsibility with determination. Confidence, courage and faith," Taylor said.

It was a great victory for the people and their determination to preserve the safe solvent and progressive government they have had in Pennsylvania under the last two Republican administrations."

In conceding defeat, John S. Rice, of Gettysburg, Democratic gubernatorial nominee, assured Duff of his hearty and sincere support in carrying forward measures for the benefit of our people."

**Rice stated:**

"The people have given him (Duff) an enormous task. In order to carry on the work he has set for himself, he will need the help of everyone. Democrats and Republicans alike, and I want to be among the first to pledge my help and support."

**Democratic State Chairman J. Warren Mickle said:**

"The Democratic party will cooperate wholeheartedly with the new administration in all measures which benefit Pennsylvania's citizens. It will work in the future as it has in the past, for a better state government, and will not permit partisanship to stand in the way of public service."

**Carroll D. Kearns Wins For Congress**

Former New Castle Man Has Apparently Carried 28th District, Vote Reveals

On the basis of returns made this morning, Carroll D. Kearns, Republican, of Farrell, former New Castle native, won the Congress seat in the 28th district, which was a part of the Republican landslide throughout Pennsylvania.

Republicans won 28 of the state's 33 Congressional districts, on the basis of incomplete returns at an early hour this morning, helping to swell the Congressional majority in the House.

James E. Van Zandt, Republican incumbent, was also a winner in the 22nd district, which includes Altoona, Pa. He is well known here through frequent visits to local veterans at a dinner in The Castle last week, when here on a speaking trip.

**LOSES HOTEL**

WICHITA, Kans.—(INS)—Mrs. Marcella Scott of Peoria, Illinois, checked in at a Wichita hotel to await arrival by bus of her husband, a serviceman. When he arrived, he suggested that they stay at a closer hotel at which he was known. After his departure she began a search for the hotel at which she originally had registered to reclaim her belongings. It was two days before Wichita police located the hotel.

## Deaths of the Day

**Mrs. America Erwin**

Mrs. America Erwin of Shenango township, R. D. 1, died this morning at her home after an illness.

The body is at the Leyde mortuary and obituary and funeral arrangements will be announced tomorrow.

**Joyce Hamilton**

Joyce Hamilton, 11 year old daughter of Mr. and Mrs. Andrew Hamilton of Petersburg, O., died in the Jameson Memorial hospital on Tuesday. She had been confined in the hospital for one day.

The body has been sent to the Van Dyke funeral home, East Palestine, O.

**Mrs. Vecchio Funeral**

High mass of requiem for Mrs. Louella Vecchio, wife of Donato Vecchio of Volant, R. D. 2, was offered this morning at 9 o'clock from St. Joseph's church, with Rev. Fr. Francis Strick as celebrant.

Rodger and Patsy Vecchio, Mike Monico, Jerry Pacelli, James and Reggie Guadagno served as pallbearers.

Rev. Fr. John Unger conducted the funeral service at the grave in St. Joseph's cemetery.

to fall were Rep. Gillespie of the Colorado First, and Rep. Holmes of the Massachusetts Fourth, a veteran of 16 years in the House. Gillespie was beaten in a Colorado upset that saw a Democratic governor elected in that state for the first time in many years.

Some of the contests were decided by razor-thin margins. Republican Arthur V. Watkins upset Sen. Abe Murdock in Utah by only 4,500 votes. Rep. Jennings Randolph lost the second West Virginia House seat by less than 500 votes.

**Look Toward 1948**

The Republicans look gleefully forward to the 1948 Presidential election. They now have a host of possibilities for the Presidency.

Gov. Thomas E. Dewey, re-elected in New York by a 750,000 majority, heads the list. There are also Senator-Elect Edward Martin, who carried Pennsylvania by 400,000; Senator-elect John W. Bricker, who won Ohio by 400,000; Senator-elect Henry Cabot Lodge, who beat the veteran David I. Walsh of Massachusetts; Senator Arthur Vandenberg, re-elected in Michigan; and Gov. Earl Warren, who won in California without a contest.

All the nation seems to be asking: "What will Truman do with a Republican House?"

White House intimates say Mr. Truman will adopt a firm but friendly attitude toward Republican leadership on Capitol Hill while insisting on his own legislative program. They add the President will "draw to the center of the line" on economic legislation. They say he will advocate policies based on "free enterprise" and fewer federal controls of business.

**No Foreign Policy Change**

There will be no change in the government's foreign policies.

The major change in the federal government will be Republican control of the "nation's purse strings."

Two major items top the Republican program for the House. One is to initiate investigations into a number of subjects related to wartime activities which were hushed up by Democratic majorities in the past. One authority says the Republicans have seven separate inquiries in mind.

Another will be to slash Democratic aid to the federal payroll in preparation for the 1948 campaign. The nation can anticipate a serious reign of economy in Washington.

Canada's total wool production in 1945 amounted to 19,624,000 pounds, an increase of 347,000 pounds over the previous year.

## LARGE MAJORITY FOR REPUBLICANS IN LAWRENCE CO.

only because Senator Guffey was the center of most of the Republican attack.

For Lieutenant-governor General Daniel B. Strickler polled 17,114 votes as against 9,046 for John H. Dent. Mr. Dent was close to Senator Guffey in the dubious distinction of trailing the ticket.

For Secretary of Internal Affairs the incumbent, William S. Livenood, Republican, polled 17,007 votes as against 9,241 for his Democratic opponent Al Schmid. This will be Mr. Livenood's third term as Secretary of Internal Affairs.

**Heavy Rural Vote**

The vote in the county outside the City of New Castle was heavy Tuesday, nearly equalling that of the city. The city polled 13,501 votes for United States Senator, exclusive of scattered votes for minor parties, while the county polled 13,141 votes.

It may have been that the presence of a referendum on Daylight Saving Time on the ballot, instituted by voters of the rural sections, may have been responsible for the heavy rural vote, or it may have been the fact that rural residents had "had enough." Possibly both elements have their part in the heavy vote but it was the heaviest vote ever cast in the county in many years.

While the vote over the county was heavy it was still only about 36 per cent of the registered vote. It is thought that the total vote of all precincts was 37,000 against a registration of 41,335. To the precincts cast in the county there will be a few military ballots, but probably not more than a dozen or more.

8239 precincts reported unofficially, Martin had 1,762,333 votes to 1,133,337 for Guffey.

Bricker, who won Ohio by 400,000; Senator-elect Henry Cabot Lodge, who beat the veteran David I. Walsh of Massachusetts; Senator Arthur Vandenberg, re-elected in Michigan; and Gov. ## Ladies Feted By Wolves Club

Informal Dinner-Program Featured At Regular Meeting Honoring Wives Of Members

Ladies' night was again enjoyed by members of the Wolves club, their wives and friends, on Tuesday evening, the event being held in the form of a dinner-dance at The Castle.

At 6:30 o'clock a full course dinner was served, with bouquets of carnations and baby mums centering the tables. Red and white candles flanked the tables. During the course of the meal, piano selections were offered by 12-year-old Viennebelle Prioletti, daughter of Dr. and Mrs. Vincent Prioletti.

Immediately following the dinner, community singing was enjoyed, led by Nicholas Casalandra. A program was featured later and Viennebelle Prioletti favored with Clara DeLune by Debussy, Capriccio by Dobnanyi and Chopin's Polonaise. A promising artist, Miss Dolores Bruno, rendered several vocal selections. Voters of Spring and selections from The Firefly. She was accompanied by her sister, Mrs. Angeline Shaffer. As an added attraction, Buddy O'Neil, mimic and impersonator, favored with various imitations.

President Joseph Bordonaro, Jr., presided and introduced the next members of the organization and the special guests attending the event. William DeCarbo, program chairman, presided last evening and introduced the various entertainers.

Dancing to the music of a popular orchestra was enjoyed the remainder of the evening.

**People Desire No Government By Dictation**

NEW YORK, Nov. 6.—(INS)—Governor Dewey believes the record majority by which he was re-elected proves that today the people want good government and not a government that dictates to every man.

## October Warm And Wetter Here

Precipitation For Month Shows First Excess Since Last Spring, Records Reveal

Not only was October warmer than usual, but it was also wetter, the records of Baxter F. Johnson, U. S. Weather Observer, reveal. For the first time in several months, there was an excess of precipitation, the rainfall being 1.93 inches above the normal. The temperature average 3.2 degrees above the normal.

In October 1945, the temperature was 9 of a degree below normal, but there was an excess of precipitation, which was 1.13 inches over the normal amount.

The mean maximum temperature was 69.6 degrees, the mean minimum, 41.6, and the mean of normal for the month was 55.6 degrees. The highest temperature was 87 degrees on October 6 and 7, while the lowest was 32 degrees on the 13, 14 and 15th of the month. The highest temperature in October last year was 78 degrees and the lowest was 29 degrees.

Days with 0.1 inches of precipitation were 12, on six of which 25

him won over Mr. Neff by less than 1200 votes in the district. This year in Lawrence county he trailed the Republican ticket but this was expected, the Democratic fight being centered on Neff's campaign to the almost complete exclusion of the balance of the Democratic ticket. Even at that, Graham carried Lawrence county by 5679 votes.

The coming term will be the fifth consecutive term for Mr. Graham from the 25th district. With the new congress controlled by Republicans it is probable that he will be given committee assignments of importance, if indeed he is not made chairman of one of them.

### Saturday Poppy Day In New Castle

Poppies of patriotic remembrance will bloom in New Castle on Saturday, November 9, the American Legion Auxiliary has announced.

Every man, woman and child in the city will be asked to wear a poppy on that day in honor of the men who have given their lives for America. The poppies will be distributed by volunteer workers from the Auxiliary and the coins contributed for them will be used in Legion and Auxiliary work for the war disabled, their families and the families of the dead.

The poppies which will be distributed here have been made by disabled veterans at government hospitals. Making the little red flowers has given many veterans employment during months past. The work is limited to men receiving little or no government compensation and those with families to support.

Contributions received for the poppies on Poppy Day are a principal source of support for the vast welfare work carried out by the Legion Auxiliary among the disabled men and dependent families. With the latest war having added to America's list of war victims, there will be greatly increased need for funds during the coming year.

New Castle and Lawrence county should support this movement this year to a greater extent than in any previous year.

Do your part to aid.

### Real Task To Restore Allied Unity

As the Big Four Foreign Ministers meet in New York there is one paramount problem—the rift between the East and the West—which affects all their projects.

It has enormously complicated the framing of peace treaties with Italy, Romania, Hungary, Bulgaria and Finland, now to be whipped into final shape. It casts dark shadows ahead over the forthcoming attempts to draft a peace settlement with Germany.

Through all the months since the huge, ruthless military power erected by Adolf Hitler crumbled before the armies of both East and West, this grave division between Soviet Russia and the group of countries over which it has gained domination, on one side, and the United States and Great Britain on the other, has widened.

It has marred the grand design, in the United Nations, for peace keeping; blocked the pressing needs for peace making. It is what creates the problem of a government for Trieste, the irritating questions of reparations, free navigation on the Danube.

Russian expansion, which can no longer be disguised as a system of measures for security, has been the most serious cause of this condition. That is sharply illustrated by Stalin's blunt assertion last week obviously in reply to Secretary of State Byrnes, that the German-Polish boundary—as established by Russia—is final.

Neither Russia nor Britain, America nor France, which sometimes lean one way, sometimes the other, can fail to see the vast perils that must arise from complete abandonment of compromise and co-operation among them. Hitlerism is not dead. It can only rise again if the nations which defeated it will not restore that united front in which war enabled them to prevail.

The Big Four Conference must surely be convinced of this and of other threats to world peace unless they join hands once more. Details of treaties have great importance, of course. But the restoration of a firm alliance among the victorious powers is of far greater moment.

That is the vital task before this foreign ministers conference. For solution of present difficulties and establishment of a long reign of peace and tranquility throughout the earth, it must be accomplished.

### A Lesson In The Mail

Dropping the domestic air mail rate to five cents has increased air mail volume by 35 per cent already. It is predicted that shortly it will be up by 100 per cent. Also, it is forecast that 1,500 planes will be needed to fly the pouches.

Boost business volume and you expand jobs and equipment requirements. The new equipment has to be built, which in turn provides still more jobs and a demand for materials. Still another new layer of jobs is born of the need for materials. This progressive process goes on and on, reaching beneficially into remote corners of our economy.

Low prices create volume. High prices inhibit volume. Avarice, whether on the part of management that has something to sell or labor that wants more pay than is possible under management's income, boosts prices.

There is a timely lesson in the lopping of three cents from the price of an air-mail stamp.

### Muzzle For The Press

The socialist-dominated British House of Commons, smarting from patriotic newspaper attacks on the government's "regiment-everything" program, has ordered an investigation into the "finance, control, ownership and management" of the nation's press. If, in their inability to brook criticism of their policies and their shortcomings, the laborites are turning toward the suppression of freedom of speech, they are showing signs of turning to the reaction that generally has been the downfall of reform parties which become entrenched in power.

The great newspapers of England are the very symbols of the freedoms which made possible the accession of the laborite government. Their independence of government controls has been in contrast to the press of the Continent, much of which has been and still is the organ and mouthpiece of government. The investigation ordered virtually places British newspapers on trial in a Star Chamber, with the choice of trucking to the government or a degree of state control, which the Times of London says rightly would be "intolerable."

The laborites are riding to a fall if they have the notion that the British people will long stand for the Times becoming a Pravda or the Daily Mail an Izvestia.

Whatever became of those spats the dandy lads used to wear? There was once a time when a dude felt practically nude unless his shoes wore individual toppers.

New York City was the real spot for spats. We can remember when you didn't dare appear on Broadway without 'em, lest you be mis-

Spats were the lined descendants of gaiters. The gaiter is a sort of leg vest that only an English clergyman has the sublime confidence to wear.

The dictionary says a spat is a baby's rattle. (Honest! Look it up.) But that just goes to show how soon people forget the real meaning of things.

## WASHINGTON CALLING

by MARQUIS CHILDS

### Lewis Puts Nation's Economy In Jeopardy

NEW YORK, Nov. 6.—The margin between a prosperous nation and a nation torn by destructive internal quarrels is so small. The potential is so great in terms of human satisfaction.

We have the example before us today. Nearly every American who wants to work is at work. According to the latest report from Washington, there are only about 2,000,000 unemployed.

Anyone who has traveled around the country needs no statistics to prove the pent-up demand for every kind of goods. That demand has scarcely been scratched by the production we have had since V-J Day. And beyond our own shores there are vast markets impatiently waiting for American machines.

That is the picture at the time of the first election since the Pearl Harbor attack. Yet beneath those bright colors are the signs of deterioration and decay. No one can deny them.

Wipe Out Swollen Values  
The price level is close to the peak reached in 1920. That inflationary peak of 26 years ago was the signal for a swift deflation that wiped out swollen land values and sent commodity prices down to levels that meant hardship or failure for millions of farmers.

Nor is the end of the price rise in sight. In many fields prices are still spiraling upward. At the same time the pressure to take off all remaining controls continues unabated.

Perhaps this is the only recourse since decontrol has gone so far. But the folly of it—the folly of this needless spiral—strikes home. What- ever it is that the economic mind-sets say is just ahead—shake-down recession, depression—might so easily have been avoided if we had been willing to submit for a brief time longer to the common discipline of government controls.

It might still be avoided with an ounce of self-restraint. You cannot feel very hopeful, however, that this ounce of self-restraint will be forthcoming.

To serve his own personal ambition, John L. Lewis is willing to put the economy of the nation in jeopardy. He is playing once again his favorite role of Samson. He chooses to defy the terms of a firm contract made with the government of the United States. He made this defy at a time when it was his duty to cause the utmost political embarrassment to the administration.

Other Unions Likely To Act  
If he gets away with it, as he seems to have done, then under his system of competitive unionism, all the other union bosses must go to win equal or greater gain. Some have already announced new wage demands. Indeed, in some instances the price rise has made a wage increase imperative. So the vicious race between wages and prices goes on, a race in which only a few speculators can profit.

This is a responsibility the Republicans will inherit, if they come into power. Groups, such as the National Association of Manufacturers, that have been most active in chopping down all controls are also the groups most active in promoting a return to Republicanism.

John L. Lewis is a Republican. After his defection to Roosevelt and the New Deal in 1936, he came back into the fold in 1940 with his radio speech for Wendell Willkie. In this campaign he has made no political speeches.

But he has made his political weight felt nevertheless. There are persistent reports that he has been encouraged in his attack on the coal contract by Republican leaders. It is to be hoped that this is not true. Certainly the mine workers realize the peril in boosting the price of coal to such a level that it can no longer compete with more-sought-after fuels such as oil and natural gas.

Signs of Recession  
Signs that the full power of peacetime prosperity is beginning to fade a little are just becoming visible. On the luxury side, there is a slight slackening. On Broadway, for example, theater backers are not quite so eager to throw money into just any production. The airlines are beginning to have vacant seats.

If we do have a recession or a depression, it will be so utterly senseless, so needless. The men who deal in economic facts and figures talk knowingly about the need to shelve down prices. But the sad truth is that prices need not have got out of hand to anything like the degree that they have.

The margin is so small. The choice is so clear. We can throw out the window the greatest chance any nation ever had for a long-continued period of prosperity and well-being. And with it will go the chance for a stable world in which the best values of the past are preserved.

One thing about peace. . . . It sure lives in the best places.

I don't think we'll ever have a lasting peace until the diplomats get a taste of K ration along with their caviar.

My idea would be put 'em in a fox hole with mice in their sleeping bags and wet matches and say "that's your hotel until you got all the war out of your system."

I can't see how a fellow in a dinner jacket can worry too much about the plain people.

## LOOKING AT LIFE

By ERICH BRANDEIS

Are women's colleges necessary? Quite a controversy has arisen over a recent speech by Dean Virginia Gildersleeve, of Barnard College, in which she praised the fact that "our students can pursue their intellectual activities in the classroom uncomplicated by social intercourse with the other sex."

That's not so, wrote a correspondent. A Vassar professor had told her that many students are so unaccustomed to the companionship of men that by class time on Monday they cannot get over their week-end emotional thrills, and neglect their studies.

Another point on which a number of people disagree with Dean Gildersleeve is her position that by being in a women's college girls learn to manage their own affairs and no longer consider themselves "the inferior sex."

Again a number of women contradict Dean Gildersleeve. Women should be comrades of men in their early years, they say, and not consider themselves a sex apart.

Being without men all during the week, say the dissidents, makes girls self-conscious and makes them place too much emphasis on the importance of men as a separate entity.

"In this world," says one letter writer, "men and women have to work side by side. They face the same problems and they can learn much more about each other in this daily comradeship than at parties and proms."

Well, as a mere man, I can't give you a proper answer to the question.

But in my travels all over the world I have found that, in all countries where there is a strict separation of the sexes, women as well as men do much more sneak-

ing and flirting than here in America where such separation does not generally exist.

I have seen it in Mexico and in France, where no decent girl is permitted to go with a man without a chaperone. I have seen it in Spain and South America, where girls are so carefully guarded that to them every boy is forbidden and appetizing fruit.

In all those countries I have seen more surreptitious flirting, more cheating, more secret love-making in a few weeks than in this country all my life.

Not long ago a visitor from another country expressed to a friend of mine his disgust with the "brazed lovelaking" which he saw on top of New York's buses.

"It is amazing," he said, "right out in the open, for all the world to see."

In the evening, when he was visiting my friend, who was out in the kitchen at the time shaking up some cocktails, my friend saw this same fellow righteously defender of morals trying to embrace his wife.

His wife, he told me, slapped the visitor in the face, the gentleman shrugged his shoulders, smiled, and sat down like a good boy.

By the way, the lady who knew how to handle a difficult situation had gone to a co-educational college.

Are women's colleges needed? I don't know.

But I do know that they are not needed to improve the morals of our daughters.

### Triple Link In Nation Evident

WASHINGTON, Nov. 6.—WHEN enough time has elapsed to permit an objective view and the record of this period, starting in 1933, is written it seems certain historians will agree that the only political group in the country which thought clearly, acted consistently and knew what it was all about was composed of the Communists leaders in the United States, who take their orders from the Communist leaders in Moscow.

THERE are still millions who incline to disparaging statements like that as political or prejudiced. There are plenty who say they have heard that sort of stuff before or that it is a stock bugaboo which might frighten little children but should not alarm any normal adult. That there are so many different, uninformed and inert people with this feeling is the real reason the American Communists whose open aim is to wreck our system and substitute their own have achieved today a power in American politics utterly out of proportion to their numerical strength.

THE evidence to substantiate these assertions is overwhelming. The difficulty is to get the people to consider and understand. For example, it is indisputable that from the first disclosure of the New Deal spending policies in 1933 the Communist party, which publicly estimates its membership at 100,000 but whose members are far in excess of that, have been the most enthusiastic supporters. No one who has read the official Communist organs and recalls the political facts of the last three presidential elections will deny that.

BEFORE the 1934 off-year campaign the Communists made open declaration that the New Deal direction was straight toward the Communist goal. From that time their support of the late Mr. Roosevelt and his New Deal program never flagged. Though once Mr. Roosevelt repudiated that support, it was not diverted and the effort of the Communists to make the Democrats their own never faltered. In this campaign, again the Communists in New York have played the state-wide Democratic candidates on their own ticket and nearly everywhere are calling for the election of Democratic congressmen.

WHEN Mr. Roosevelt made his hard and fast alliance with the CIO and CIO's PAC became the chief contributor to the Democratic treasury, the real Communist opportunity was presented. For from the start, they had saturated the larger unions of the CIO organization and been engaged from within as well as from without. Today, the Communists are in complete control of the American Labor party of New York, without whose solid support Mr. Roosevelt could not have carried the state in 1934 and are so strongly entrenched in CIO key positions that as Mr. John L. Lewis and others have asserted, Mr. Murray, head of the CIO, is a prisoner of the Communists.

THE real situation is attested by various incidents of the current campaign. First, there was the Communist-inspired effort to elect Governor Dewey when a group of veterans led by the Communists supported Michael Quill, a CIO official, broke into the State Capitol at Albany; second, there was the radio speech of a Communist official in Pennsylvania, who assailed the Republicans as "reactionary" and called for the election of all Democrats; third, there was the government radio address in Mason, broadcast here which endorsed all CIO candidates for House and Senate; fourth, the editorial in the government-controlled Moscow newspaper calling upon all Communists in the United States to support CIO-endorsed candidates.

THE concrete instructions of the September issue of Political Affairs, official Communist monthly, in which American Communists are directed to "lead fights on popular issues by working in various organizations, be militant favor extreme demands, denounce compromise, agitate on many fronts for causes that serve Communist ends, accept party discipline, support Democrats as against Republicans in elections this fall."

THIS ought to be enough to prove the degree to which Communists are identifying themselves with the Democratic party and the degree to which the Soviet leaders are going in their efforts to promote the cause.

In a few states like Maryland, the CIO-Communist support has been avoided, but in New York the greatest of all the efforts of the Democratic candidates to shake themselves loose by "repudiation" of the Communists have been futile. The Communists continue to urge the election of the very Democrats who most strongly repudiate them.

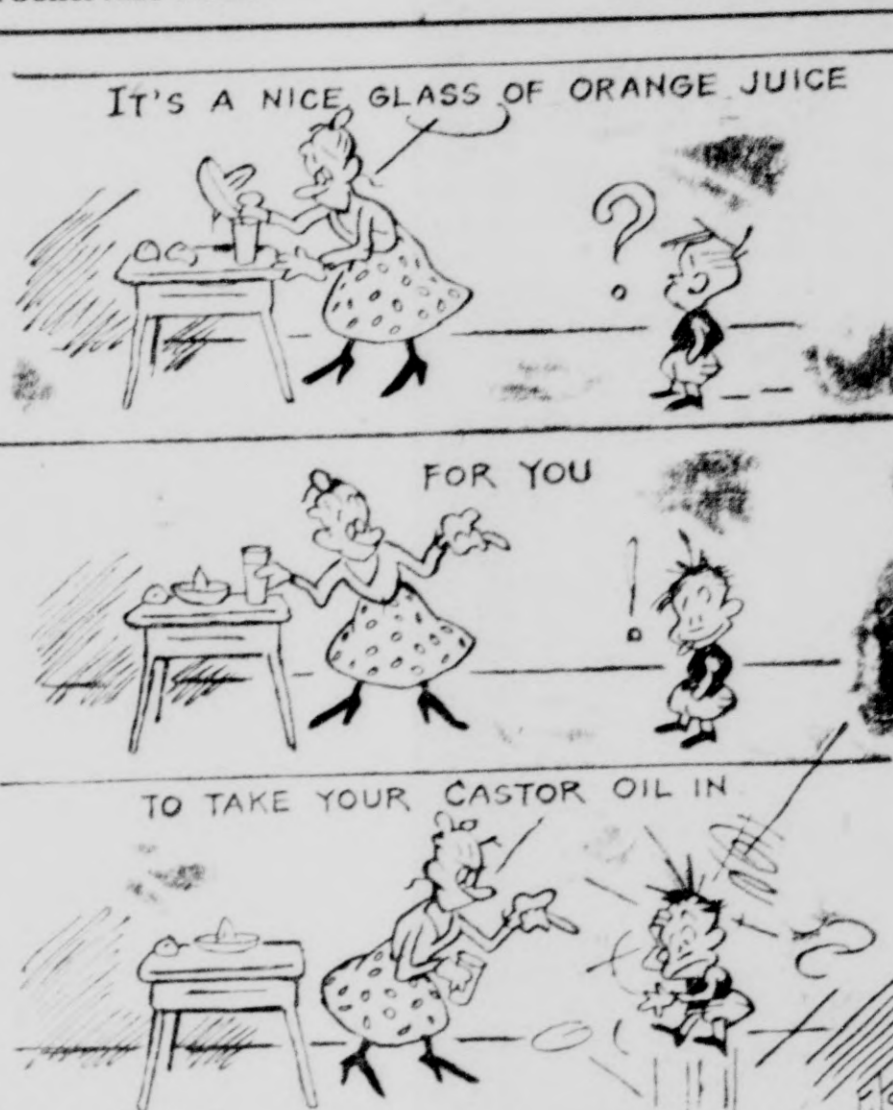

OF COURSE, "repudiations," such as came from Chairman Hannegan the other day, mean little because they do not include repudiation of the CIO, too. That Mr. Hannegan is in no position to do. Nor has any other Democratic manager or candidate, except Senator Byrd, done that. The two things which neither Mr. Hannegan nor anyone else can dispute are: 1. The Democratic party is tightly tied up with the CIO. 2. The CIO is tightly tied up with the Communists. There is no way to wriggle away from these facts except by wholehearted instead of halfhearted repudiation.

## The Parent Problem

By Garry C. Myers, Ph. D.

### ROMANCE BEFORE CHILDHOOD ENDS

Many a "love affair" between a boy and a girl at an unduly early age should be nothing for the wife and skilful parents to worry about. It seems to me the mother who wrote the following used good sense. I wish more mothers were as wise.

Dear Dr. Myers: A recent article of yours helped me solve a problem which has bothered me with my eleven and a half year old daughter. She has suddenly developed a "love affair" with a twelve year old boy (like her) who is in the sixth grade at school. He comes to see her for about an hour every evening that he and she have free.

I am shocked to have my daughter have a boy friend at her age, but I believe that by accepting it in a friendly way and laying down a few rules I can keep her confidence and stand a better chance of having the affair die a natural death in a reasonable time than if I showed any antagonism and so encouraged them to be secretive and clandestine and consider themselves martyrs.

### Children Are Frank

They are very frank in telling each other of their love and my daughter also tells me. They would rather stand outside on the lawn in the dark and visit but I insist on their visiting in the living room, also that he must not visit her when I cannot be at home. (My husband works at night and my fifteen-year-old son is here with her when I am out at night at church meetings and P.T.A.)

Two other rules are that she must have her practicing done before he comes and that he must leave around nine o'clock, so that she can get enough sleep. I was glad to learn from your article that I was not being too severe or over-cautious in deciding that I must be at home when the boy is here. I was not quite sure of myself.

### A Few Suggestions

In writing this mother, I commended her on the few good rules she set for these youngsters and offered the following suggestions: Be sure that daughter has some regular daily jobs in addition to her music practice. I enclosed my bulletin "How to Teach the Child to Help at Home" which anybody else may have in a stamped envelope by writing me at 235 East 43rd Street, New York, N. Y. Aim to attract other boys and girls to your home on some evenings. I even may be desirable to require the lad to bring some other young folks with him occasionally.

Some readers in suburban areas have told me that sixth grade children often "date up" for the movies and that parents generally approve this practice. It means that these youngsters go to and from the movies at night, and often elsewhere without the company of their parents. Also they may arrive of their own accord. What is the harm in that? Parents on request of their children will absent themselves from their home so the children and many other boys and girls from ten to twelve may have a party without the hammering of adults. Parents who offer these children no more protection, should be ready to accept unpleasant consequences later unless by the grace of God they should be spared such penalties. Can children ten or twelve know what is best for their welfare?

### State Police Say:

You were astounded recently when you read in your local newspaper the headlines announcing the death of 39 persons in a plane crash, but this is something for your consideration that should not only amaze you but make you conscious of the fact that you, as a pedestrian or motorist, can help to reduce motor vehicle accidents in which 95 persons are killed every day.

## The World and the Mud Puddles

ONE LESS BUREAU

THE OPA is on its way out. The damage it has caused industrial America and business America is incalculable.

The OPA has been an impediment in the pathway of business. The manufacturers of wearing apparel, for instance, have not been able to get the cotton and wool with which to make sufficient garments for the people. The boot and shoe manufacturers have not been able to get the hides necessary to perform their task. The makers of automobiles have been unable to get the steel necessary for the manufacture of motor cars. All trades have been subject to the absurd rules and regulations of the OPA.

Now the great mail order houses like Sears-Roebuck and Montgomery Ward have published catalogs advertising for sale upwards of a million articles and the OPA did attempt to put a ceiling price upon not only the articles listed in these catalogs but those omitted from the catalogs. More than a million articles have been included affecting not only the manufacturer, the wholesaler and the retailer, but affecting all agriculture. The farmer was limited as to the price of his grain, the maker of flour was handicapped by the ceiling on his products. Every article used by the citizens was subject to a price regulation. It has been an impossible condition and the marvel of it is that the merchant is still in business.

The situation has now been changed. The people of America have demanded it and with unmitigated voice. Not only has the November election caused this action, it was inevitable. Such great power had Union Labor acquired by reason of the labor laws advocated by President Roosevelt and passed by a subservient Congress that Congress has been afraid to make the necessary changes on laws to control the Labor leaders. They are drunk with power and while the OPA was fixing the price of the products of Labor, there was no law limiting in any way the demands of the Union leaders for more pay and the business was cursed with unlimited demands of Labor and a very limited price for the products of Labor. All of this must be changed. There should be some brake out on the Unions. The Congress that will assemble in January will be a brand new Congress. To be sure, there will be many faces of old members, but there will be many new members, both in the House and in the Senate. They will all be pleased more or less to a policy guaranteeing to relieve the people of the United States from these ills and it is hoped that they accomplish something.

Q. The iris, the colored portion of the eye, is heavily laden with blood vessels (capillaries), yet, in operations on this structure, bleeding does not occur. Why?

A. Light constricts the capillaries and increases pressure within the eyeball; from this we may conclude that the reason the "whites" of the eye are red upon arising in the morning, is because of the darkness (an original deduction by Dr. Meyer).

Q. The capillaries (s m a l l)

vessels) of the eye are the only ones of the entire body to be exposed to light; how does light affect them?

Aus. Light constricts the capillaries and increases pressure within the eyeball; from this we may conclude that the reason the "whites" of the eye are red upon arising in the morning, is because of the darkness (an original deduction by Dr. Meyer).

Lovely and impressive was the ceremony solemnized in the Madonna church Saturday morning, October 26, uniting in marriage Miss Marie Elizabeth Lujack, daughter of Mr. and Mrs. Joseph Lujack, of 204 West Madison avenue, formerly of Conneville, Pa., to Anthony Rebold, son of Mr. and Mrs. Oscar Rebold, of Vanderbilt, Pa., before an altar beautifully embanked with ferns, palms and floral decorations. Rev. Edward P. Pikulik, pastor of the Madonna church, officiated at the single ring ceremony.

Given in marriage by her father, the bride was lovely in a white tulle gown with a sweetheart neckline and made entrain. Her lace edged finger-tip length veil fell from a beaded tiara. She wore pearls as her only jewelry. Her bouquet was a cascade of white pompons and roses, centered with a gardenia corsage.

Miss Irene D. Lida, as the bride's only attendant, was attired in a pale green net gown and her bouquet, similar to the bride's, being a cascade of yellow pompons and roses. In her hair she wore a tiara of matching pompons and roses.

Walter A. Lujack, brother of the bride, served as best man.

Following the ceremony a wedding breakfast was served at St. Margaret's hall with a dinner and reception following later in the day.

### BABY'S

The training of a baby begins as soon as she is born. One of the important things for baby to learn is "mine and mine."

She needs to know what belongs to her and what belongs to some one else.

She will usually insist on keeping what she considers to be her own. Sometimes it is a hard problem to train her to respect the rights of others.

As she gets older she learns that there are duties too. She is sometimes more particular about the duties of other people than her own. She learns a lot from observation of others.

Many of us are teachers and do not know it. We may be good teachers but teach the wrong things.

Did sometimes get to be a wonderful fellow twenty five years after he is dead.

Miss Verna Sladnick, 24, of Hazelton, an ex-army nurse, today told Pittsburgh police that she was forced to drive a thug back into town after he robbed her of her purse containing \$40 out in the country.

Miss Sladnick told police she stopped in Pittsburgh to ask a stranger where she could find a room after she learned the hotels were strike-bound. The man volunteered to direct her and, when they were outside the city, he robbed her and then forced her to drive him back into town.

Miss Sladnick said she was traveling to Colorado University to study under the G. I. Bill of Rights.

With only nine districts missing, McDowell had a lead of 6,423 votes. The outcome of this fight, in doubt in the early returns, left the congressional line-up in Allegheny county unchanged—three Republicans to two Democrats.

## See Drastic Cuts In U. S. Expenses By New Congress

By RAYMOND WILCOVE

(U. S. Staff Correspondent)

WASHINGTON, Nov. 6.—(INS)—A triumphant GOP, returned to control of the House after 16 years, was expected to signalize its victory at the polls with a series of sweeping investigations of executive agencies and drastic cuts in government expenses.

Republican leaders will meet soon in Washington to map their legislative program, which may include substantial tax cuts. A staunch advocate of tax reductions, Rep. Knutson (R) Minn., will take over the chairmanship of the tax-writing House ways and means committee.

### Martin To Be Speaker

Rep. Joseph W. Martin, Jr., of Massachusetts, will step into the speaker's chair when the 80th Congress convenes Jan. 3. The son of a village blacksmith, Martin, a newspaper publisher, will succeed Rep. Sam Rayburn of Texas.

No. 2 spot in the House, that of majority leader, is expected to go to Rep. Clarence Brown of Ohio, hard-hitting Republican campaign manager. Brown, also a newspaper publisher, will have opposition, however, from Rep. Charles Halleck of Indiana, chairman of the Republican Congressional campaign committee. The majority leadership is now held by Rep. John McCormack (D) Mass.

During the past year the Republicans have been busy gathering together "ammunition" for a series of sweeping investigations, similar to those that followed in the wake of World War I. The Republicans are expected to direct their attention to such matters as the Canal project, the Central American highway, wartime ship construction, etc.

Republican control will bring with it the unseating of many prominent Democrats who have held the chairmanships of major committees for many years since the Democrats organized the House in 1931.

## Capacity Audience Hears Singing Of Homer Rodeheaver

Billy Sunday Days Relived At Gospel Service Held Tuesday Evening At Christian Church

Memories of Billy Sunday's campaign in New Castle prior to the first World War were revived on Tuesday evening in the First Christian church, when Homer Rodeheaver, in his own inimitable style sang many of the old fashioned Gospel songs as he did when he accompanied Mr. Sunday around the country.

Appearing under the auspices of the Lawrence County Christian Endeavor union, Mr. Rodeheaver led the large audience in singing many of the old hymns from the Endeavor song book, with both the audience and Mr. Rodeheaver selecting the songs to be sung.

With "Rody", as he is familiarly known to his audiences the length and breadth of the country, was his famous trombone, which he carried during appearances in the First World War. His playing of "The Holy City" on the trombone during the offertory, was received with reverence by the audience.

Between songs, Mr. Rodeheaver, who was accompanied by B. D. Ackley, famed hymn writer, sermonized, told several stories and read poems.

Appealing to the mothers and fathers in the audience to set good examples for their sons and daughters, Rody stated emphatically, "Liquor is the greatest bar to an old fashioned revival." Several made decisions for Christ.

Appearing also on the program were J. Warren Hooper, general state secretary of Christian Endeavor, and Lester Case, field secretary, who both made brief addresses.

Aleta Mae Montgomery, county president of the Christian Endeavor, presided over the meeting with James Shaw, district president reading the scripture and Edwin Gardner leading in the evening prayer.

Dr. G. S. Bennett, pastor of the church, pronounced the benediction.

## Bartenders-Waiters And Waitresses Are Planning Walkouts

New Walkout Scheduled In Support Of AFL-Teamsters Fight With CIO

PITTSBURGH, Nov. 6.—(INS)—Bartenders, waiters and waitresses were scheduled to strike today at all western Pennsylvania taverns handling Pittsburgh beer, in support of the AFL Teamsters union in its jurisdictional battle with CIO brewery workers.

Lester M. Hunt, spokesman for the teamsters, announced the new union strategy after a conference with officials of the AFL Bartenders union and the AFL Hotel and Restaurant Employees alliance.

Hunt declared that picket lines will be established at all taverns where employees walk out. Lines will be maintained until CIO-made beer is returned to the breweries and the owner signs a closed-shop agreement with bartenders and waiters, he said.

Hunt said the new walkout will aid greatly the Teamster boycott on three Pittsburgh breweries in the AFL-CIO "beer war".

At the same time Judge A. Marshall Thompson had under consideration a Teamster petition for an injunction against Western Pennsylvania Beer Distributor Association members to prohibit them from handling CIO-made beer.

## Good Taste By FRANCINE MARKEL

ETIQUETTE RULES IN  
RESTAURANT

"What are the etiquette rules in a restaurant? Should the men of a party—if there are several of both sexes—precede the women and seat them? When there are only one woman and one man, what then? Should the women check wraps when the men check theirs? What is the rule about ordering—who orders and in what succession. Is it necessary to stand to greet able visitors?"

Answer: When several women and men enter a restaurant together having headwaters in attendance, the women should follow the waiter, allowing the men to come last. The waiter and the men guests seat the women.

If there is no headwaiter present, one of the men of the party should precede the women to find a table and each man seat his feminine companion.

This applies whether there is a group of men and women or only one man and one woman. A woman usually does not check her own coat. She throws it over her chair back, usually without taking it entirely off.

Women order and are served first. One man may act as host, reading the various items from the menu and asking each woman and each man in the party what items are desired. Or each diner may order individually.

Men stand to greet table visitors—whether they are men or women. And they remain standing until the visitor leaves or sits down. Women do not rise for men or women visitors, unless the woman visitor is elderly and the seated woman young.

Question: I have received a wedding invitation. Is it necessary for me to call upon the bride before the wedding?

Answer: No. But after the bride has returned from her honeymoon, all those who attended the wedding should call upon her in her new home.

Present your problems to Miss Markel who will promptly mail personal replies to questions from readers enclosing stamped, self-addressed envelope.

TO UN FOR RELIEF  
IN FLOOD DISASTER**

LAKE SUCCESS, N. Y., Nov. 6.—(INS)—Secretary-General Trygve Lie Tuesday announced he had received an appeal to the United Nations in its capacity as a disaster relief agency in Albania, stricken by recent floods.

Col. Gen. Enver Hoxha, Albanian prime minister, asked for economic assistance from the economic and social council. The floods, which resulted from a two-day rainstorm October 22-23, caused extensive agricultural losses and destroyed food supplies.

Lie said he had been assured by UNRRA Director-General Fiorella La Guardia that his agency has authorized a supplementary \$300,000 for Albanian relief.

Friday, November 8, At  
8:15 O'Clock

The Senior Class of East Brook High school will present a three-act farce comedy, Friday, November 8, at 8:15 o'clock, entitled, "Let Me Out of Here!" The play was written by Vincent Barrett.

Eve Boyd, who is sharing an apartment with a typist, Bona Lynn, is supposed to be going to a girl's school. She received sudden notice that her aunt, who is paying her way through college, is coming to visit her. She tries in every way to avoid telling her aunt that she really isn't going to school, but is working.

Bona Lynn's brother and a friend are coming to town on business the same day. Garret Lynn's friend gets into some complications which proved very amusing. Garret tries to help Eve out of her trouble by disguising himself and finds himself in a terrible predicament. But come and see for yourself.

The cast for this play is as follows: Audrey Brina as Eve Boyd; Josephine Johns as Bona Lynn; Rosalie Umstead as Bessie Rhodes; Donna McConnell as Hazel Miles; Walter Pearl as Stevie Cobb; Theodore Wallas as Garret Lynn; Bill Robinson as Victor Ward; Flora McConnell as Angela Boyd; Paul Michael as Gifford Morton; Charles Reiber as Marshall Ward.

The director is Mrs. Russell Gormley and class advisor is Mrs. Amanda Robinson.

## Hotel Settlement Still Hangs Fire

PITTSBURGH, Nov. 6.—(INS)—U. C. conciliators today ended their efforts to referee a settlement in the 37-day-old Pittsburgh hotel strike while the conciliation chairman went to New York to confer with regional office with respect to the "hopelessly deadlocked" dispute.

Special conciliation panel chairman Elmer T. Bell left for New York last night.

Meanwhile, union officials withheld comment on an ultimatum issued by the Pittsburgh Hotels association to the union to return to work by Monday or suffer a cut in the hotels' settlement offer.

Eight of Pittsburgh's largest hotels have been almost completely closed since October 1 in the walk-out of 1,800 service employees.

### SOUTH AFRICANS REPLY TO UN ON RACIAL PROBLEM

LAKE SUCCESS, N. Y., Nov. 6.—(INS)—South Africa has notified the United Nations general assembly that its "European" population is unwilling to share responsibility for 7,500,000 Christian Bantu natives with its Indian citizens of Moslem and Hindu descent.

The South African Union's detailed reply to the United Nations general assembly concerning Indian

charges of racial discrimination was made public Tuesday.

The memorandum defends the system of "communal voting" and segregated housing for South Africa's 250,000 Indians.

The Indian complaint is to be aired at a joint meeting of all 102 members of the assembly's political and security committee and legal committee, perhaps later this week.

Some late nests of the bob white are still hatching in early September. The fall shuffle comes in late October. Covers form and adopt winter locations.

### James Graul In Army Air Band

Word has been received that James Graul, son of Mr. and Mrs. T. A. Graul, Frank street, has been accepted by the Army Air Force band and will become a member in the near future.

James had an audition with Major George S. Howard, chief of the music department of the army air force. He is a June '46 graduate of Ne-Ca-Hi.

### Asks UN Consider Again Taking In Six Other Nations

LAKE SUCCESS, N. Y., Nov. 6.—Panama Tuesday demanded that the United Nations Security Council reconsider the membership applications of Portugal, Ireland, Albania, Siam, Transjordan and the Mongolian People's Republic.

Ricard J. Alfaro, chairman of the Panamanian delegation, presented a formal resolution to this effect to the general assembly's political and security committee.

In recent security council deliberations Soviet Russia vetoed the bids of Portugal, Ireland and Transjordan to become members of the United Nations.

The United States and Great Britain opposed Albania and the Mongolian People's Republic, and Siam withdrew her application in the face of a certain veto by France.

Panama's resolution pointed out that the security council, while blackballing these countries on the ground they were either not "peace-loving" or were not "able and willing to carry out the obligations contained in the United Nations charter," had failed to produce any evidence that such was the case.

A review of all cases was called for, with specific reports on each state as to their ability to fulfill charter requirements for UN membership.

### Army Enrolls Many During Past Month

Twenty-Three Are Enlisted From New Castle And Vicinity, Recruiting Officer States

Twenty-three men from New Castle and vicinity were enrolled in the regular army during the month of October, Chief Warrant Officer R. S. Thorn, local army recruiting officer stated today.

Some of the drop from the figures for September are believed to have been caused by a misunderstanding of the expiration date of the educational benefits under the G. I. Bill, Thorn stated.

Any person who serves honorably for a period of 90 days, one day of which must be served between September 16, 1940 and the date of the termination of the present war, or is discharged with a service-connected disability, is entitled to one year of training. If he served additional training and educational benefits, not to exceed four years. Family dependency benefits are paid for the duration of the war, plus six months.

Those who enlisted last month, from the local district, were: James D. Broadbent, 815 DuShane St., John P. Brauner, R. D. No. 6, Anthony Adams, 760 Harrison St., Pete Demott, 407 Broadway, Jack A. DeGennaro, 714 Avon St., Bennie V. DeProspero, 304 W. Washburn St.

Raymond B. Eganoff, R. D. 7, Edward J. Engle, 116 Liberty St., near Miller, J. Thompson, R. D. No. 6, Edward L. Jones, Jr., 1313 1/2 Moravia St., Roy E. McGaffie, 1311 Wilmington Ave., Albert E. Smith, 104 Phillips Place, Richard R. Maudlin, 931 Moravia St., Richard G. Nelson, D. S. St., Anthony Quintilani, 1222 Finch St., Angelo Russo, 513 Pearson St., Joseph Regan, 1444 E. Broad St., Charles E. Douglas, Jr., Wagonway, Pa., Corleton M. Durr, Camellion, Pa., Edward J. Byer, R. D. No. 2, Lovelock, Ohio, Robert A. Fink, Brauner, Pa., Harold L. Whitney, 368 E. South St., Corry, Pa.

### Shroyer Refuses Election Comment

SHAMOKIN, Pa., Nov. 6.—(INS)—John U. Shroyer, unsuccessful insurgent Republican gubernatorial candidate and Democratic gubernatorial nominee for governor, refused comment today on the outcome of the general election.

"I have nothing to say," Shroyer asserted. The Shamokin dress manufacturer and former highways secretary had endorsed John S. Rice, Gettysburg Democrat, for governor.

He was asked whether he intended to continue to participate in politics and replied: "I am going to continue my activities as a good American for good American government."

Shroyer, dismissed March 20 by Gov. Edward Martin for "disloyalty," was questioned as to whether he would again seek public office. He replied:

"No. I am going to tend to my dress business."

### Delta Chapter Dinner Meeting

A dinner-meeting of Delta chapter No. 170, R. A. M., was held Tuesday evening in the Cathedral building. District Deputy Carl A. Tschippert of Rochester, Pa., was present and plans were completed for initiating a large class of candidates on December 21, at which time the grand officers of the Grand Holy Royal Arch Chapter of Pennsylvania are expected to be present.

At Highest Peak Since  
Period Of World War I

By JOHN A. REICHMANN

(U. S. Staff Correspondent)

WASHINGTON, Nov. 6.—Foreign diplomatic representatives prepared to report to their governments the outcome of the congressional elections with greater interest than at any time since World War I.

For the time being at least, the political experts assigned to the foreign embassies and legations throughout Washington were subjected to one of the severest tasks that confronts them in the performance of their diplomatic duties.

They are well aware that their reports on the possible significance of the elections in the foreign relations of the United States. Their task is made the more difficult since because of the bi-partisan development of U. S. foreign policy, it has never been a major issue in the campaign.

### Difficult Task

The interpreting of the election returns of any foreign country is always one of the most important and difficult tasks of any envoy reporting to his home government. The state department relies on them regularly in charting its course of future conduct toward specific governments.

As an example, the elections in Bulgaria and Romania are uppermost in the minds of those advising on United States foreign policy. In the case of the Balkan states, the returns are regarded as particularly important in influencing American policy toward those countries.

However, no foreign power has shown any sign of intervening in the present elections except Russia. The Moscow radio has actively exploited the apparent split in the foreign policy of the Democratic party indicated by the speeches of former Secretary of Commerce Henry A. Wallace. It has supported the election of "liberal" elements. The influence is regarded as negligible.

### Analyze Effects

Aside from the election of particular candidates, foreign diplomats were more interested in analyzing the immediate effects of the election.

Two questions appeared foremost: 1. Will the administration's commitments on future international agreements receive the approval of the senate? 2. Will Secretary of State James F. Byrnes' hand be weakened or strengthened in negotiating peace treaties and in other delicate diplomatic talks?

Oil was found in California in 1866.

## Local Employment Of Handicapped Is Up During October

Thirty-Four New Registrations Of  
Handicapped Persons During  
Month Of October Taken

Almost six percent of local placements by the New Castle office of the U. S. Employment Service during the month of October were handicapped persons. It was revealed today by that office.

There are now 245 handicapped applicants active in the files of the local employment office and of these, 168 are veterans. Almost seven percent of the total registration for employment are handicapped.

Thirty-four new registrations of handicapped persons were taken during the month of October, with 17 or half of this figure representing veterans of World War II.

U. S. E. S. still seeks job openings for the handicapped and urges all employers to list their job openings with the U. S. E. S.

Physically handicapped persons, whether veterans or non-veterans, represent as a group an important source of productive manpower.

## Lions Club Sees Water Safety Film

Picture Prepared By American Red  
Cross Interests Club At  
Luncheon Meeting

Members of the New Castle Lions club saw an interesting film on water safety, entitled, "Heads Up," which was prepared especially for the American Red Cross, in the interests of their water safety program.

In addition to pointing out the danger of carelessness in the water, it pointed out that even life savers themselves can be cautious and can save lives without undue risks to themselves. The picture was shown by Dr. W. E. Flannery, chairman of the Lawrence County Chapter.

Reports of committees was also given at the meeting, the final report on the show, "Life with Father" being given, showing that the production netted the club \$842.90 for their work among the blind of the county.

## Around Hollywood

By JOHN TODD  
International News Service Staff Correspondent

HOLLYWOOD, Nov. 6.—(INS)—

He-man Robert Preston today revealed the secret of why he always looks so hale and hearty—it's his wife's cooking.

"She's a wonderful cook," he said with a big grin, "she's the best cook there is."

Bob said the reason why his wife, beautiful Catherine Craig of the screen, does the cooking is because they lead a very quiet and simple life.

"There's no fuss around our place," said Bob, "she does the cooking and takes care of the house and I do the gardening."

"It isn't very hard for either of us. There's just the two of us to take care of each other."

"They've been happily married for seven years in a town where you can't get even money that any new marriage will last a year. Bob is positive it's going to be that for keeps."

Bob talked to your reporter just after he finished part of a film

sequence with another he-man, Alan Ladd, for "The Big Haircut" at Paramount.

Alan had landed on the floor after he'd taken what appeared to be a hay-maker from Bob.

Actually Bob's fist hadn't touched Alan's chin, but perfect timing created the effect of a hard punch.

"That was a nice one, Bob," Alan said.

Your reporter interrupted: "Don't you guys take a chance of getting a terrific wallop doing these kind of scenes?"

"Oh, yes," said Alan, "but not when you're doing it with some guy who knows his business. You run into trouble with an amateur."

"I remember when I was making a picture called 'China', I had to get hit by a Chinaman."

He let fly at me and it caught me right on the side of the jaw. It's a wonder I didn't get a broken jaw, or lose a couple of teeth."

William II was the only king of England who never married.

## Farrington Winner In Hawaii Voting

U. S. Congressional Delegate Wins  
Heated Race On Republican  
Ticket

HONOLULU, Nov. 6.—(INS)—U. S. Congressional Delegate Joseph Farrington appeared sure of re-election today on the basis of early returns from the most heatedly contested election in Hawaii's history.

Farrington ran on the Republican ticket but received the support of

the CIO-PAC whose candidates generally were running ahead of others.

Farrington is the owner of the Honolulu newspaper, Star Bulletin, which has been friendly to the CIO longshoremen's and warehousemen's union in a strike which has tied up the territory's sugar industry.

There was no definite trend toward either a Republican or Democratic majority in the contests for territorial offices. Both party platforms endorsed statehood for Hawaii.

The protein content of hay can be increased from six to 10 percent if cut at the proper time.

# "Beat Warren" Is New Castle High Slogan This Week

## Warren's 'Jinx' Over New Castle May End Friday

New Castle Expected To Play Best Game Of Year At Warren Field Friday

### HAVE INCENTIVE TO WIN FRIDAY

Head Coach Phil Bridenbaugh is looking for his "Red Hurricane" New Castle eleven to play its best game of the year at Warren, Ohio, Friday night. The 8 p. m. kick-off will find a squad of fighting local sons determined to end that Warren "jinx" of five straight wins.

The slogan "Beat Warren" is running rampant at Senior High this week, as the young gladiators get ready for a grueling contest at the Ohio city.

If the spirit and aggressiveness shown by the gridders this week in practice is any criterion then the Warren Hardings had better look for help Friday in subduing an enraged New Castle team.

**Are Hitting Hard**  
"Our boys are sure hitting hard this week, in scrimmages, they are taking everything serious, more so than for any other game we have prepared for this year," Bridenbaugh said.

**Eager For Victory**  
Big Al Tate, Don Dean, Tony Clavelli, Arthur Zaron, and Phil Richards will be starting their final game as members of the New Castle High squad, they want to close their careers in high school with a victory, and are driving hard towards that end. Altogether 13 young men will be donning red and black uniforms, for the final time.

The five regulars along with the other nine men will be sorely missed next year when it comes time to don the uniforms for the 1947 season. Altogether there are 14 men who will be lost to New Castle High for next year.

**Good Physical Shape**  
New Castle will enter the game at Warren in good physical shape, no serious injuries were incurred in the hard tackling Aliquippa battle last week, it was reported. Paul Cuba, Jr., is sufficiently recovered from his ankle injury to start the game if need be Friday, but will probably be held in reserve at either fullback or quarterback.

Big John DiCola is back in good shape again, and ready to go, so is Don Dean the regular left guard. The New Castle squad and several hundred fans are slated to follow the New Castle team to Warren for the tussle.

## Warren Tickets On Sale Thursday

J. H. Earl McKenzie, business manager at Senior High today announced that tickets for the New Castle-Warren game Friday at Warren will go on sale Thursday morning at 9 o'clock at the Sporting Goods store.

There will be but a few for sale at \$1.25 in the concrete stands, and about 500 in the New Castle reserved section across field at \$1.00 per ticket, these are not reserved seats, but a reserved section, the Warren officials stated.

## Sport Fans Have Plenty Of Money As Events Prove

By LAWTON CARVER  
(International News Service Sports Editor)

NEW YORK, Nov. 6.—The amount of fresh scratch, or folding money, throughout the land continues to amaze the bookies and sports promoters in every branch of sport.

But it doesn't amaze them sufficiently to keep them from taking advantage of whatever loose change they can lay their hands on.

Strangely enough, the amateurs are doing as well, if not better, than the pros.

**Grid Receipts Roar**  
Football receipts throughout the country are up almost 50 per cent over last year. And last year we heard no squawks about the colleges starving to death. In fact, many of them did so well that they went right out and bought themselves some of the finest talent in the market.

Some colleges do so well at the gate they don't even have to consider a bowl game to boost receipts. Here in the east, for example, Penn of the Ivy league, can sell out almost anytime it starts.

Penn had a capacity crowd of 78,000 for its game with Navy. Penn had an advance sale of 49,000 season tickets even before the first game.

**Jacobs Amazed**  
Mike Jacobs, who does a spot or two of fight promoting, is still amazed how he can draw \$100,000 for a pair of battlers who would hardly have made the semi-finals.

## Wampum Loses Stars Of Great 1945-46 Outfit

Graduation Wrecks Butler Hennon's Section Champs; Kanagy Only Regular Back

### INDIANS RELEASE THIS YEAR'S CARD

WAMPUM, Nov. 6.—Graduation has done what no other team in Section 21 could do—wrecked the champion Wampum high school case juggernaut.

Coach Butler Hennon, one of the most successful hoop mentors in the western part of the state, has reached for his drying towel as he scans his squad roster, depleted of the stars that kept the Indians whooping on the warpath last season.

Gone are Eddie Marich, leading scorer in the league, who is now at Geneva college; Edgar Capallo, whose six feet three is now trying for a berth with Waynesburg college; Eugene Johnson, the hard-playing Negro center; Nick Palagallo, steady reserve; and Ernie Downey, the cagey little ball-hawking Johnson and Palagallo are now in the Army while Downey is employed with a Beaver valley concern.

**Kanagy, Jackson Return**  
"We have been stripped by graduation," said the Wampum coach, "the only regular coming back is Dave Kanagy, a guard. Ray Jackson, sub center and guard of last season, is also back and is the only tall boy we have."

Quizzed on his prospects for the season, Hennon said: "I can see at least three teams above us in the race. We lack height and experience. Kanagy is only five feet seven, and Ralph 'Red' Mohr, who saw some action last year, is but five, six. Frankly I don't see how we will ever get control of the ball."

Fans and rival coaches will probably take the Wampum coach's dismal declarations with tongue in cheek. The wily mentor, from the banks of the Beaver has never turned out a losing team and come January and the beginning of the cage battles, the Indians will be in there getting their share of the scalps.

The 1946-47 for Wampum follows:

- Dec. 3—Freedom, away
- Dec. 6—Monaca, home
- Dec. 10—New Springfield, O., home

## HERE AND THERE IN SPORTS' LAND

WHEN New Castle makes its debut in the Mid-Atlantic loop next season it will be a pleasure to have a team in O. B., it having been years since New Castle was so represented. It will also be pleasing to meet again such sterling baseball men as Elmer Daily, president of the circuit, Jack Dunlevy of Butler, and others affiliated with the M-A circuit. Daily and Dunlevy have long urged a team in New Castle, and upon every opportunity have shown a high regard for this city. Several times Here & There has suggested to them that, baseball men here receive a trial and the result always was the granting of the opportunity, whether the candidate was an umpire or a player. While only mere announcement was made that New Castle had been granted a franchise, the fact remains that, the wheels of baseball are revolving rapidly and when the propitious time arrives all facts possible will be made known by the parties concerned.

Sugar Ray Robinson should outpoint Artie Levine in Cleveland tonight. Fritzie Zivic, former welterweight champion, is killed Saturday.

He scored a kayo several nights ago and still gathering in the money. He scored a kayo several nights ago and still gathering in the money.

Thiel has played six games this season and remains undefeated and untied. In fact, over a span, which includes 1942 when Thiel abandoned the gridiron sport because of the war, Thiel has won 13 straight games.

To Jim Carroll: Thanks for the kind message concerning a recent paragraph in Here & There. Incidentally, Jim Here & There can say that, while some men have helped grow "cauliflowers" on boxers' ears you have cooperated with Mother Nature and have grown many beautiful flowers which often convey thoughts which words fail to convey.

More ears will be glued to radios than there are on corn stalks Saturday afternoon when Army and Notre Dame clash in New York City.

Buff Donnell, former Duquesne griddier and who coached at Sampson, N. Y., believes Glenn Davis a better griddier than Doc Blanchard.

Ossie Peguese who boxed here as an amateur then turned pro, is working for Warner's studio in Hollywood.

Johnny Lochano, Ellwood City, reports seeing an Albino buck, except for a brown patch on its side, in Slippery Rock township, Monday.

Chubby Confer who has opened a gymnasium in West Washington street, was in the air corps and Mickie Solomon, who is tutoring boxers there, was in the marines.

A good bird dog was stolen and another, which evidently barked at the thief near East Brook received a blow that fractured its skull, according to a report to Here & There.

News ad column Monday carried reports of five hunting dogs having been lost while hunting.

Jack Potter, son of Orville Potter, who served in the Alcantara and who will graduate from Grove City College, is well versed in baseball and records. Before going to the army he played first base on a local team.

One of the oddest vocations is rearing turtles and in New Castle there is a man who does this. He is Roy Smith, the painter. Whenever he catches a turtle and it is killed, he takes the eggs, plants them in his garden and within the proper time they are born. He displayed a photo showing 14 of the turtles which he reared in his yard in Huron avenue.

## Titan Gridders Resume Training

Westminster To Battle Waynesburg Saturday At New Wilmington Field

NEW WILMINGTON, Nov. 6.—A badly bruised Westminster College football squad was given a much needed vacation Monday afternoon but Coach Mel Helzer had the men on the practice field Tuesday to prepare for Saturday's game with Waynesburg, here.

Ray Maltacks of Ellwood City, end, was the most seriously hurt in the Geneva tussle. He suffered two cracked ribs, Fullback Joe Demos of Greensburg, suffered a shoulder injury while Mickey McDaniel of Chester, W. Va., quarterback, took a general body beating. It was the 150-pound McDaniel who several times tackled the 210 pound Letell, Geneva end, after the latter had snared passes from Karels.

**Jackets Pointing**  
Another Titan who is ailing is Ed Sample of Sharon, an end. He suffered a slight concussion in practice last week. He played for a few minutes against Geneva but has been advised to take it easy.

Waynesburg has been having only a mediocre season but reports from Greene county state that the team has been showing considerable improvement and is pointing for Saturday's game. It will be the next to the last game for Westminster, the season closing with Grove City at Farrell, Nov. 16.

## Harris Signed To Yankee Contract

Stanley (Bucky) Harris Is New Yanks Manager, Dressen Assistant

NEW YORK, Nov. 6.—(INS)—Stanley R. (Bucky) Harris was Tuesday named 1947 field leader of the New York Yankees, succeeding the 46 triumvirate of Joe McCarthy.

Bill Dickey and Johnny Neun, Harris' agreement with the club was for two years.

Formal announcement of Harris' selection was made by Club President L. S. MacPhail at a special news conference, ending a prolonged period of speculation in which Harris' name figured prominently and then almost exclusively as the weeks went on.

**Pretty Big Salary**  
He was understood to have received an initial offer of the job in the course of a conference with MacPhail at French Lick, Ind., during the last World Series. But he is believed to have expressed preference then for the business-office post he accepted with the club last Sept. 9.

The salary that went with the managerial appointment, reliably reported to be \$40,000, was to have persuaded the one-time leader of the Washington Senators, Detroit Tigers, Boston Red Sox and Philadelphia Phillies to reconsider his original verdict.

Charlie (Chuck) Dressen, who managed the Cincinnati Reds under the MacPhail Aegis during the mid-30s, was named at the same time as the new manager's chief-of-staff.

## Tech And Case Play Saturday

PITTSBURGH, Nov. 6.—(INS)—Carnegie Tech's Tartans today hoped to score their first points of the current season against Case of Cleveland, Saturday in Pittsburgh, but their chances of winning appeared almost nil.

Coach Bill Donohoe prepped his green young squad against the advances of three particular Case men—Fullback Frank Gerace, Right End Robert Penovich and Left Halfback William Oatis in a long practice drill.

## Juste Fontaine Wins Decision

Pittsburgh Lightweight Evens Score With Dorsey Lay Of Philadelphia

PITTSBURGH, Nov. 6.—(INS)—Juste Fontaine, Pittsburgh's betting lightweight, last night evens the score with Dorsey Lay of Philadelphia, by taking a split decision in one of the most savage fights ever staged at The Gardens.

Both men were badly battered in the knock-down draw-out brawl which kept a crowd of 3300 on its feet for the last five rounds of the 10-round stretch. Fontaine suffered a badly cut left eye and opened cuts under both of Lay's eyes.

**Both Are Tired**  
The crowd came to its feet in the sixth—after sitting on the edge of their seats for five—when Lay was floored for the nine count with a right to the jaw. Lay recovered and hung on until the bell.

The Philadelphia came back quickly in the seventh and punched Fontaine almost at will. Both were arm-tired in the eighth, but Fontaine took over again in the last two rounds.

Lay weighed 132½ and Fontaine 136.

## Optimists Iron Out Details Of All-Star Game

Sharon And New Castle Optimists Confer Tuesday, Select Officials

GAME WILL BE AT SHARON, NOVEMBER 15

New Castle Optimist Club members held a conference in the Castleton Hotel last night and ironed out further details of the big All-Star Mercer and Lawrence county football game scheduled for the Sharon High stadium on Friday, November 15, at 8 p.m.

**Secure Big Band**  
Mercer county schools are furnishing a big 100-piece All-Star band group for the game, it was announced.

Adequate insurance has been taken out on the game by the two clubs to safeguard all players participating, in case of injury. Attending the meeting from Mercer county was Coach Bill Ritter, of Hickory High school, and Lester Patton, who with Tony Paulekas of Farrell will direct the Mercer county senior All-Stars. Willie Ciccone of Bessemer is the head coach for the Lawrence County All-Stars, assisted by Thurman Croft of Ellwood City, Bob Dismore of Union and Eddie Nahas of Shenango.

Tickets have arrived in New Castle and will be on sale at the Sporting Goods store it was announced by General Chairman of the Lawrence county group, Al Garren. In the event of a nice night a crowd of over 10,000 will no doubt be on hand for the big battle of seniors.

Sport Editor Figures That Fans See But Eight To Eleven Minutes Of Actual Playing

DENVER, Nov. 6.—(INS)—Sports Editor Jack Carberry of the Denver Post charged today that football fans see but from 8 to 11½ minutes of actual playing time in the average college gridiron contest.

The veteran sports writer, directing a "one man campaign" to eliminate the huddle by teams on the offense, cited actual timing by stop watches at one game. There was but eight minutes, 19 seconds of actual play—when the ball was in motion.

The contest lasted two hours and 24 minutes, with an hour and 24 minutes required for times out, time between halves and other official clock stopping. Carberry reported that 16 minutes, seven seconds was taken up in huddles.

He cited support from W. A. (Bill) Alexander, athletic director at Georgia Tech, who said that elimination of the huddle would counter the "set and defend" which stops pep plays.

The sports editor, however, said his argument was based mainly on the spectators' angle, for the ticket buyer pays to see football and not huddles.

Pitt quarterback Carl DePasqua alternated between the signal-calling post and the left half slot during today's workout. Jack Snodice, speedy tailback, was lost due to a leg injury in the Indiana setback.

## Pitt Coach Fears Ohio State Team

PITTSBURGH, Nov. 6.—(INS)—Coach Wes Fester schooled his young Pitt Panthers on pass offense and defense today in preparation for their last out-of-town game against Ohio State at Columbus.

Fester, former Buckeye All-American end, and his charges, were admittedly the underdog for Saturday's clash.

Pitt quarterback Carl DePasqua alternated between the signal-calling post and the left half slot during today's workout. Jack Snodice, speedy tailback, was lost due to a leg injury in the Indiana setback.

## Sporting Editor Has 'Pipe Dream' With \$10,000,000

By LAWTON CARVER  
(International News Service Sports Editor)

NEW YORK, Nov. 6.—If I had \$10,000,000—

I'd buy myself a major league baseball club and set out to have some fun out of that business.

I wouldn't waste that money to be like Rickey, for instance. The man in Brooklyn is so furtive in his operations that onlookers sometimes become suspicious.

And I wouldn't want to be like MacPhail either. He spends most of his time yammering about one thing and another, and when it is all over he has accomplished some minor thing that he magnifies into a miracle.

**Dream Team**  
If I had those ten million bucks I would buy a ball club made up of the following:

Bob Feller, Hal Newhouser and Harry Brecheen, pitchers; Phil Masi, catcher; Stan Musial, first base; Bobby Doerr, second base; Lou Boudreau, shortstop; Whitey Kurowski, third base; Ted Williams, Joe DiMaggio and Terry Moore and-or Enos Slaughter, outfield.

I would spend all of the 10 million that it might require to muster that team then I would sit back and be content to know that I had the best baseball club in the business.

The club also would include Joe Gordon to help out around second base; Marty Marion, despite his bad back, and pitchers Bob Ferris and Tex Hughson although they were among the world series disappointments.

**Wouldn't Matter**  
I haven't yet decided which ball club I would buy, but it wouldn't really make any difference so long as I could get those aforementioned players.

Purchase of the Philadelphia Athletics might be a bad deal. They are so utterly run down that they are not much more than a fair minor league club. No improvement is in sight for them either.

The Athletics are the victims of Mr. Connie Mack's conservative policy based upon what they used to do back before the turn of the century. He has come up with some great clubs since those days, but seems now to be resigned to merely hanging on.

Of course, the ideal situation with those 10 million bucks would be to buy the meagered players and somehow manage to take the Yankee franchise away from MacPhail.

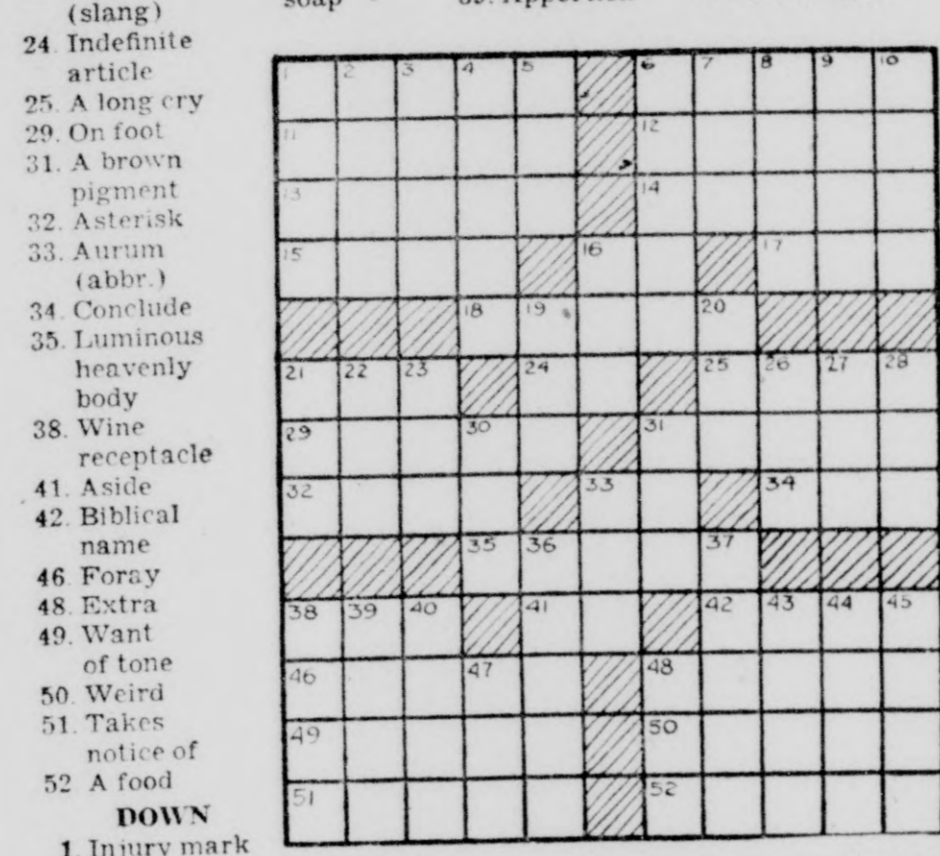

**Would Hire MacPhail**  
You then could hire him to run the club and everything might be great. You would find it necessary to keep him whipped into line to prevent his ceaseless prattling, but in the long run you would cash in on his ability and showmanship.

The suggestion that the Yankees couldn't be bought is, of course, silly. With 10 million bucks you can buy anything.

Not only that, but you would get your 10 million or any disbursed parts thereof back rapidly with a ball club in New York, where customers will pay to watch even the Giants. No kidding.

## SPORT FANS HAVE PLENTY OF MONEY

(Continued From Preceding Page)

on any show before the war. And it is not necessary to go back to the Louis-Corn thing to remind you how much sucker dough is available these days.

Tennis had a bonanza year and here again the sports promotion exceeded all expectations.

Baseball, of course, smashed all records. And baseball was the only sport that didn't take advantage of the sucker by boosting the tariff out of sight.

Golf receipts were 30 per cent over last year and the golf promoters offered \$500,000 in prize money compared with \$375,000 in 1945.

Hockey opened in New York with a packed house at fancy prices and we can recall the time when they were trying to give away seats for a hockey game.

Our good friend, Ned Irish, of the smiling pan, is ready to launch his pro basketball and amateur basketball troupes at greatly increased prices.

And still the fans go for anything and everything. Especially racing. Even a 16 per cent bite falls to keep the suckers away from the New York tracks. The more they increased the tax, or up the price at the gate, the better the suckers seem to like it.

**EDZARD VS. BYVINS**  
Jimmy Byvins, Cleveland, and Edzard Charles, Cincinnati, will box at Pittsburgh November 12. They are heavyweights.

Penn State's Oogie Martella counts Yale's Levi Jackson one of the best backs he ever saw. They were teammates at Camp Lee in 1945.

## City Hall News Notes Of Interest

### Reports And Comment On Affairs Receiving City Officials' Attention

An average of more than 10 persons daily in October were arrested for violating the city's parking ordinance... Police were alert for motorists who drove while intoxicated, seven having been caught last month... December 3 has been designated as the time for the examination of candidates for permanent positions on the city police force. More than a dozen are now temporary appointees... New Castle Dunlop company is almost finished with the construction of the Cascade park spillway... Finance Director Albert A. Hoyland has instructed councilmanic colleagues to sharpen their pencils and prepare to go into a session to compile the budget for 1947.

One of the improvements that Mayor Haven and colleagues propose is to properly identify every street in the city. The present concrete posts were installed because

of the high price of pipe. Some posts have been broken off and many of the signs are obliterated by weather during the past 14 years... Another improvement will be the placing of traffic lights at dangerous places... Previous to the placing of lights at North Jefferson and Grant streets and at Wallace avenue and North Mercer street, accidents were reported frequently. Since the lights were installed accidents have not occurred. Another "hot traffic spot" taken care of was at South Mill street and Croton avenue extension.

Not so long ago a city policeman who, present-day style, wore a wrist watch, had the time-piece broken during a scuffle with a "I don't want to be arrested" man. The bill had to be paid by the city. However, the police, Robert D. Hanna, today ruled that "any policeman who wears a wrist watch, and it is damaged, will not be compensated for damages if it is broken." White lines placed on the blacktopped streets have aided motorists here... Director of Streets James Gibson warned today that any person who burns leaves on a paved thoroughfare may expect to pay the penalty. "It ruins the paving," he reported... Parks Director Joseph A. Alexander intends to have the channel in Cascade park dragged as soon as possible... Proposed sale of the city building brings forth the fact that it must be put up for bid and cannot be sold privately. Construction on the proposed new municipal building, which will be modern but not ornamental, will begin in 1947.

PROVIDE WINDBREAK FOR  
BLES IN WINTER

Bees need protection from the wind the year around, and especially in winter.

Such shelters can be made from odd lumber 6 to 7 feet high with half-inch spacing between boards. Cornstalks tied to a fence, or to wires stretched between trees or posts will serve also.

Protection from mice can be achieved by means of an entrance block with an opening five-sixteenths of an inch deep and about 5 or 6 inches long, or by using three-eighths or half-inch mesh screen over openings into hives.

An upper entrance, either in the upper hive body or under the inner cover, should be provided. If in the hive body, the entrance can be a three-eighths or half-inch auger hole in the hive body above the hand hold. Beekeepers who prefer not to drill a hole in the hive body can make a frame a half-inch thick with an opening three-fourths of an inch wide, make a matching hole in the telescope lid, and put this under the inner cover. The best time to do this is in October.

## Introduce Boast Of Jap Comeback At Tokyo Trials

TOKYO, Nov. 6.—(INS)—A Japanese message predicting that Japan would make a comeback within 30 years even if she lost the Pacific war was introduced as evidence Tuesday at the war crimes trial of Hideki Tojo and 26 other prominent Japanese. The message, dated February, 1941, was sent by the then Foreign Minister Yosuke Matsuoka to Admiral Chichibu Nomura, Japanese ambassador to the United States. Matsuoka was numbered among

the original 28 defendants at the trial, but died of tuberculosis last June 27.

A copy of the message read:

"Even if America could make Japan surrender and enforce a cruel treaty on the Japanese comparable to the Versailles treaty, Japan could break off such letters and bonds within 30 years. The restoration of Germany is an example."

"The constitution of Japan is unmatched by any other country. Japan has always overcome national difficulties by virtue of the unbounded grace of the emperor."

Another message from Matsuoka urged Nomura to entice American leaders to join Japan's so-called Sphere with the argument that Greater East Asia Co-Prosperity their fear of losing what they need in rubber and tin is ridiculous."
